ADVANCED

Wash+

TECHNOLOGY

No more blockages
Delivers a powerful flush in just
7 SECONDS, 30% FASTER THAN REGULAR FLUSHES

Somany's French Collection introduces the Wash+ Trap, engineered with a wider 65-75mm flush outlet - far exceeding conventional syphonic toilets that typically stay under 50mm- delivering a noticeably cleaner, more efficient flush.

SUPERIO FLUSH EFFICIENCY

The 65-75 mm wide Wash+ Trap outlet allows 40-50% more evacuation capacity compared to regular <50 mm outlets. This ensures deeper, faster, and more complete flushing in one go.

REDUCED BLOCKAGES

A wider outlet means significantly lower chances of choke or clog, making it ideal for Indian usage conditions.

CLEANER BOWL AFTER EVERY FLUSH

The high-flow evacuation ensures minimal residue, ensuring the bowl remains cleaner with less effort.
