DESIGN, PATTERN & SHADE VARIATION GUIDE

Current development efforts have made ceramic tiles resemble and look authentically like natural materials (Stone, Wood, Fabric).

Recognising this situation, it is necessary to be informed of the grade of design & pattern variation that is expected from these products. As a general guide, the design & pattern guide given below classifies the range according to the degree of variation.

V1 Minimal Variation

V2 Slight Variation

V3 Moderate Variation

V4 Substantial Variation

The classification is as follows:

V1 Minimal Variation **V2** Slight Variation **V3** Moderate Variation **V4** Substantial Variation

VEILCRAFT (VC) SHIELD

Not only look and style; the buzz word for the Gen X tile is timeless elegance. Here comes the revolutionary patented "VeilCraft (VC) Shield" technology, a 'high abrasion resistant glaze composition', known as VC (VeilCraft) Shield. This is the first ever patented technology in Indian Ceramic Industry. This not only gives you the perfect aesthetics for your space but also the lifelong protection to your floor.
