CAPTURING NATURE'S
ESSENCE OF TIMELESS
ELEGANCE

ETERNASTONE
collection

Nature's Raw Artistry

In the heart of the earth, where time carves its masterpiece, the **Eternastone Collection** was born. A tribute to nature's raw artistry, this collection captures the timeless beauty of natural craft stone in an exquisite **800x1600 mm** vitrified tile format. Each tile tells a story—etched with the rugged textures of ancient rock formations, shaped by wind, water, and time. It seamlessly integrates shapes and elevations creating punch like surfaces in random phases, bringing the beauty of natural contours and imperfections in the tile surfaces. **Eternastone Collection** isn't just about aesthetics; it's about craftsmanship. The surface captures the tactile feel of natural stone, with subtle ridges, rich veins, and an earthy matte finish. The vitrified body ensures exceptional durability, making it perfect for both indoor elegance and outdoor resilience.

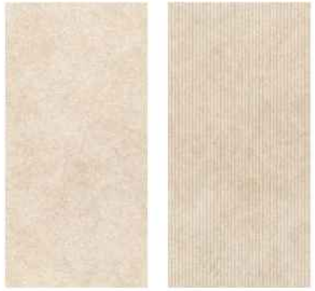

Etching Stories into Stone

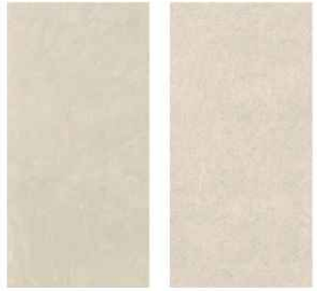

Much like the stones that inspired it, Eterna stands the test of time. It transforms spaces into sanctuaries, where modern design meets the raw, untouched spirit of nature. Through the delicate artistry of etching, every surface tells a deeper story, one of texture, depth, and craftsmanship. With every step, and every touch, the narrative of Eterna unfolds into a journey of endurance, artistry, and timeless charm. Let your spaces speak the language of nature. Let them echo the legacy of stone. Let them be Eterna.

POWERED BY

ETCH*tech*
surface

Utilising multiple specialised printing machines and inks, we create distinctive structures that are unattainable through traditional punch press. It creates the possibility of matching structures with design graphics to recreate surface structures and finishes that closely emulate the originals found in nature, like wood, leather, bamboo, jute and more.

TECHNICAL FEATURES

MOH'S SCALE HARDNESS >7

High density sintering for a robust surface which is a crucial factor to consider when choosing tiles, especially for high-traffic & high-stress areas.

ABRASION RESISTANCE PEI-V

Our tiles are designed to withstand the test of time, even in high-traffic areas. Their superior abrasion resistance ensures durability and maintains their pristine appearance for years.

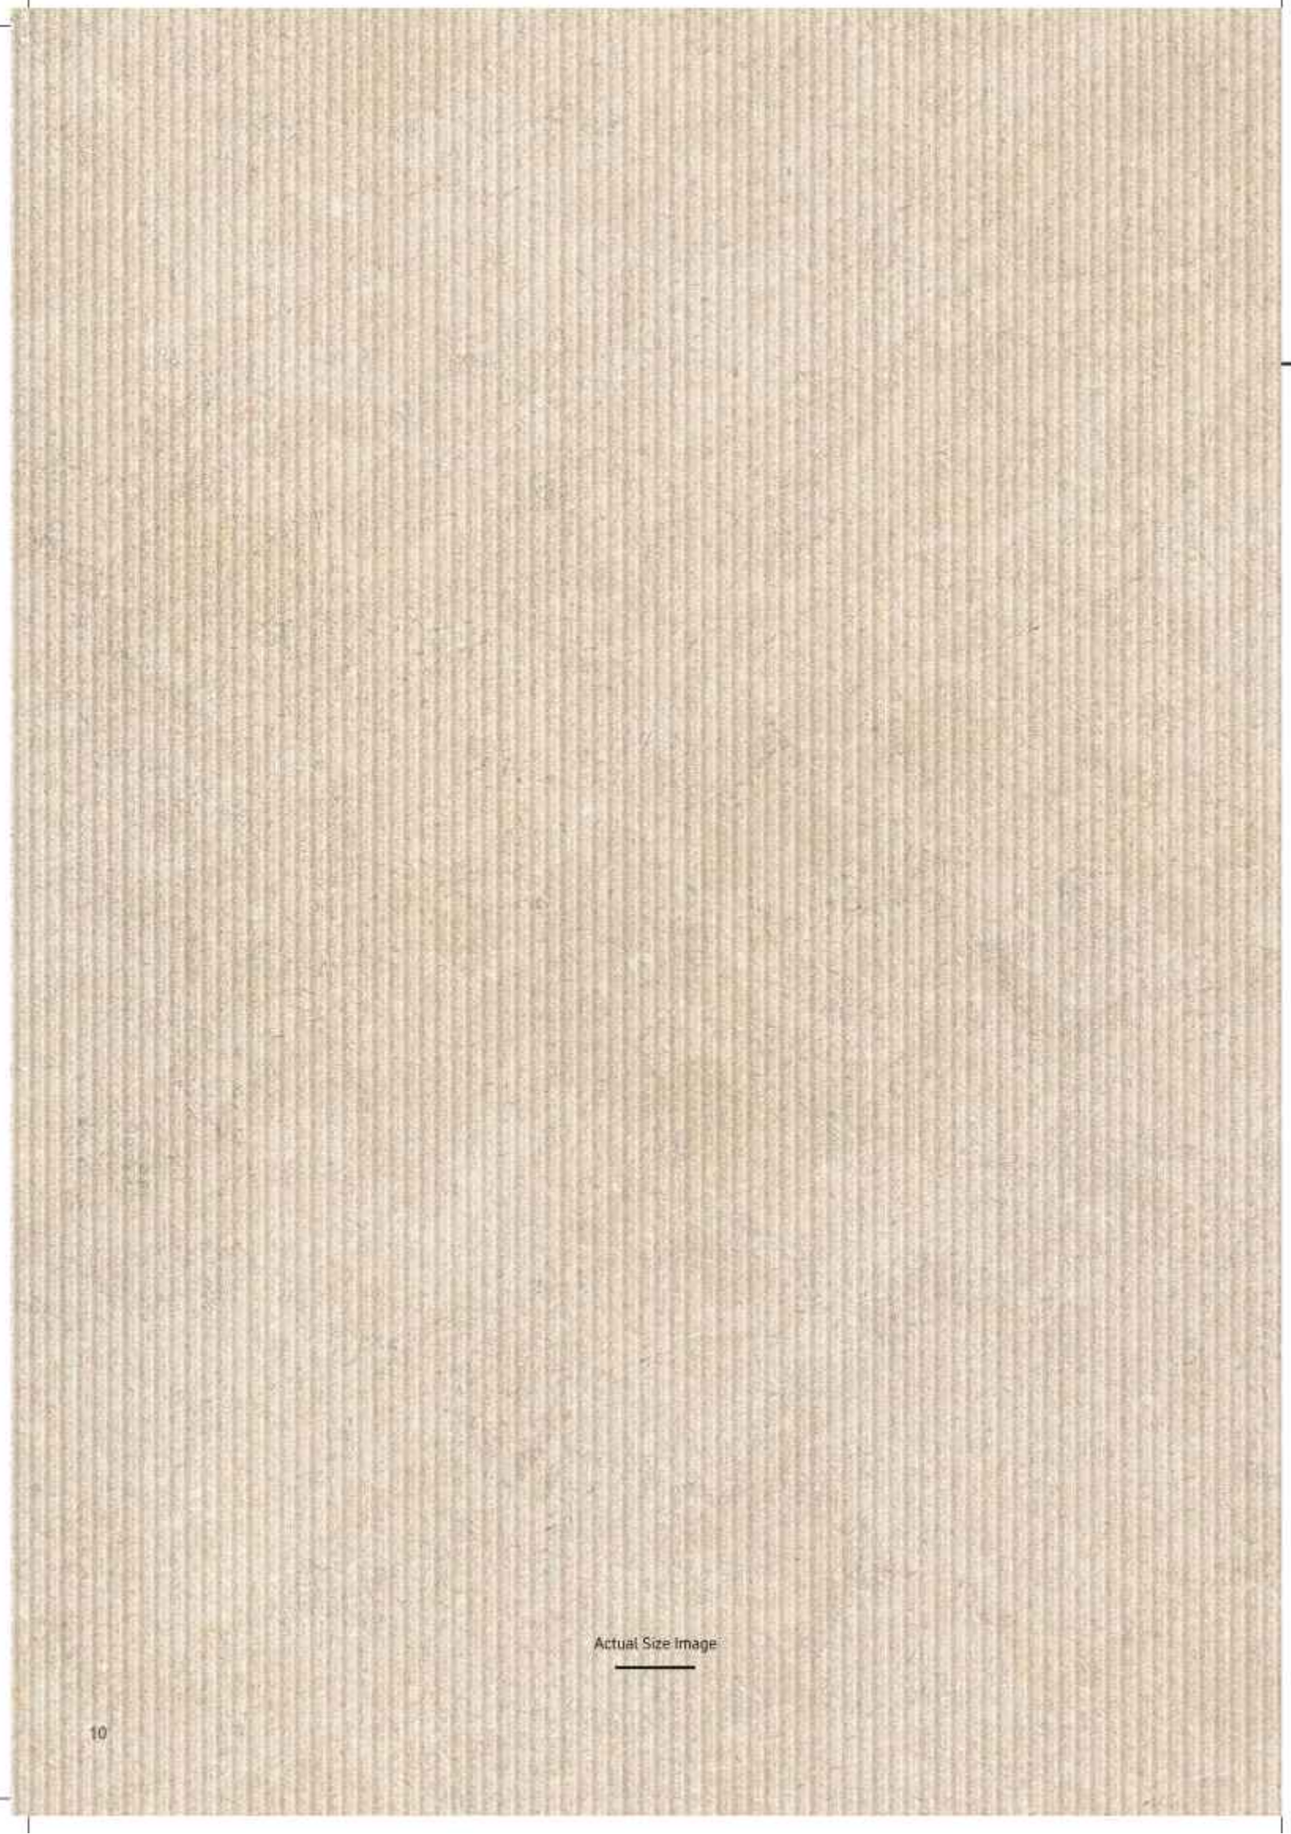

SLIP RESISTANCE R 9 & R 10

R 9 for Etchtech &
R 10 for Plume
slip resistance tiles are a great choice for areas that may get wet. They offer a good balance of slip resistance and aesthetics, making them suitable for both residential and commercial settings.

APPLICATION AREAS

RESIDENTIAL AREAS · COMMERCIAL AREAS · HOSPITALS · SHOPS AND MALLS · HOTELS AND RESTAURANTS · SCHOOLS AND COLLEGES · OUTDOOR FURNITURE · PUBLIC PLACES

DESIGN, PATTERN & SHADE VARIATION GUIDE

Current development efforts have made ceramic tiles resemble and look authentically like natural materials (Stone, Wood, Fabric).

Recognising this situation, it is necessary to be informed of the grade of design & pattern variation that is expected from these products. As a general guide, the design & pattern guide given below classifies the range according to the degree of variation.

V1 Minimal Variation **V2** Slight Variation **V3** Moderate Variation **V4** Substantial Variation

The classification is as follows:

V1 Minimal Variation V2 Slight Variation V3 Moderate Variation V4 Substantial Variation

PACKAGING DETAIL FOR 800X1600MM ETERNASTONE COLLECTION

C) Chemical Resistance (glazed Tiles)				
I) Stain Resistance	Min Class 1	Min Class 3	Min Class-1/ Class-3	IS 13630 Part 8 &ISO 10545-14
ii) Resistance to household chemicals	Min Class AA	Min. Class B	Min Class AA	IS 13630 Part 8/ ISO 10545-13
iii) Resistance to acids and alkalis (with exception of hydrofluoric acid and its compounds)	Required if agreed	Manufacturer is to state classification	Min Class AA	

The tiles in this catalogue are reproduced using four-colour printing, and the tiles may not be displayed in accurate sizes. Therefore, we strongly recommend customers to check the physical samples before placing an order. The "Technical Specification" applies exclusively to premium-quality Somany wall and floor tiles. Please inspect the tiles thoroughly before installation, as we don't accept any complaints once the tiles have been applied or fixed. Additionally, complaints regarding borders, highlighters, or motifs will not be entertained after purchase.

SOMANY Ezy Fix

Tile Adhesive | Epoxy Grout | Cement Polymer Grout | PU Adhesive | Grout Admix | Tile Cleaner

Lasting Bonds Made Ezy

Behind Every Stunning Tile, there's a Stronger Bond!
Experience the power of reliable tiling with Somany Ezy Fix. From ceramic and porcelain tiles to natural stone and marble, our adhesives work on all surfaces – walls, floors, indoors, outdoors, and facades. Available in cement-based and PU-based options, they offer strong adhesion across all sizes and materials. Complementing this, our cement and epoxy grouts ensure tight, durable joints that last. No matter the project, Somany Ezy Fix delivers a bond that's built to last.
