Beauty Beyond *Perfection*

When style and strength unite, they form a camaraderie destined for eternity. Introducing Somany 'Marvela FLORTUFF'-a collection that embodies both elegance and durability. Available in a variety of sizes and finishes, Somany Marvela elevates the concept of style with its inherent toughness and superior quality. A true standout, it's a complete sensory experience that is sure to garner admiration from all.

Surface by Somany is a ceramic creation that is exceptionally durable, scratch-resistant, super easy to clean and maintain, has no shine, and is ideal for various applications.

- 1) The top layer of the surface is scratch-resistant, has zero reflection & has a hardness rating of 8 on the Mohs scale.
- 2) The glaze of the surface lends it unparalleled aesthetics for versatile choice for various applications.
- 3) The tile body is made extremely durable with the finest raw materials & diligent processes involved in making.

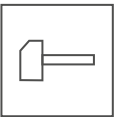

**DISCOVER FORMIDABLE
SURFACE UNEQUALLED
IN STRENGTH**

Surface is a robust and resilient material engineered for exceptional durability and strength, designed to withstand stress, wear, and external forces. Built to endure harsh conditions and challenging environments, it offers unparalleled reliability and longevity. Beyond its physical toughness, this surface also conveys a sense of security, stability, and trust, making it a cornerstone in architectural design. It instills confidence and peace of mind in those who depend on it for safety and structural integrity.

Safe
Ensure maximum protection from heat, fire, contact with food and scratches.

DESIGN, PATTERN & SHADE VARIATION GUIDE

Current development efforts have made ceramic tiles to resemble and look authentically identical to natural material (Stone, Wood, Fabric), and it has become increasingly difficult in many cases, to distinguish between two.

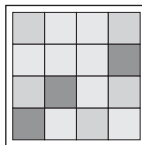

Recognising this situation, it is necessary to be informed on the grade of design & pattern variation that is expected from these products. As a general reference, the design & Pattern guide below classifies a scale of ranges according to the degree of variation.

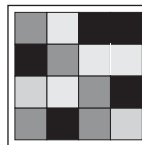

V1 Uniform Appearance

V2 Slight Variation

V3 Moderate Variation

V4 Substantial Variation

The classification is as follow:

V1 Minimal Variation V2 Slight Variation V3 Random Variation V4 Substantial Variation

High Definition Image

While laying the tiles please follow the arrow on the back of the tiles. For removing the wax from the surface of the tiles please use the soft cotton cloth for rubbing with any boric/talk powder

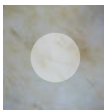

VEILCRAFT (VC) SHIELD

Not only look and style; the buzz word for the Gen X tile is timeless elegance. Here comes the revolutionary patented "VeilCraft (VC) Shield" technology, a 'high abrasion resistant glaze composition', known as VC (VeilCraft) Shield. This is the first ever patented technology in Indian Ceramic Industry. This not only gives you the perfect aesthetics for your space but also the lifelong protection to your floor.

Result Of The abrasion test at 25,000 revolutions as per the PEI Methodology
